(54) Title: **METHOD FOR SELECTING A CHANNEL CODING SCHEME FOR USE IN INITIATING COMMUNICATIONS BASED ON CHANNEL CODING SCHEMES USED FOR COMMUNICATIONS IN THE CELL, AND CORRESPONDING INSTRUCTIONS STORED ON A STORAGE MEDIUM AND APPARATUS**

(57) Abstract: The present invention relates to the selection of a channel coding scheme for communications in a wireless communication system. In the described arrangement, a cell-based channel coding scheme selected (S4) from a plurality of available channel coding schemes based on the channel coding schemes used in the cell. The stored selected channel coding scheme can then be used on initiation of a communication with a subscriber device (S8).
